**NEW AT THE
 HOMEOPATHY LIFE CLINIC
 ELECTRODERMAL SCREENING DAY
 THURSDAY, MAY 31ST.**

I am pleased to offer this wonderful treatment option for my clients in my office for the first time on Thursday, May 31st. Using this extensive in depth analysis, you can be screened and treated for parasites, allergies, hormonal imbalances and causes of fatigue as well as undetected molds/viruses and bacteria in the body. These are some of the unseen conditions that this form of testing is able to uncover. This computer analysis and targeted treatment of the various hidden conditions detected is totally accurate and thorough and I highly recommend it. Cost is \$175.00 for a complete analysis.

Testing and treatment will be done by Irene Peterkin who has practiced Natural Medicine for the last 10 years specializing in Electro-Dermal or meridian stress assessment screening. She works in conjunction with Homeopathic & Naturopathic Doctors and holistically based dentists. She received her education and training at the BioMeridian School in Utah and then the BioEnergetic College of Medicine in London, Ontario. Irene has been successful in helping people with various health conditions such as Chronic Fatigue syndrome, hormonal imbalances, digestive issues, dental problems and infertility.

CONTACT IRENE PROMPTLY AND DIRECTLY TO SET UP AN APPOINTMENT FOR THURSDAY, MAY 31ST AND TAKE ADVANTAGE OF THIS UNIQUE AND IN DEPTH APPROACH TO CARE.

**BOOK REVIEW: HOMEOPATHY:
 A MANUAL FOR MOTHERS**

The magazine HOMEOPATHY TODAY was kind enough to publish a great review of my book in their recent Winter issue. The book is now available on Amazon.ca for \$21.95. The manual offers advice and assistance to all mothers of young children including new moms or pregnant moms and according to the magazine "would make a great baby shower gift...". You have told me that the manual has proven to be a great help to many of you and I thank you for trusting the great effectiveness of homeopathy in the care of your children.

IT'S TIME FOR A SPRING CLEANSE

I have recently come across some wonderful Chinese herbal products that work in conjunction with homeopathic care to renew congested livers, treat gallbladder and kidney stones and support female reproductive problems. These products provide wonderful drainage and decongestion to our organs that are constantly overtaxed with the burden of removing drugs and toxins from our systems. The repeated taking of birth control pills and hormone replacement therapy can also be instrumental in causing liver congestion so I highly recommend these products. I have a ready supply of these products in my office and feel they should be a part of any spring and fall detox program.

FREE PHONE CONSULT

This is an option for any friends and family that you think would benefit by having homeopathic treatment. I am offering a free phone consult so they can discuss their health problems with me before committing to homeopathic care. This option has been added to my

website for easy access. I am also continuing to do online case-takings for those who live too far to come to the office.

**AUTISM SPECTRUM DISORDERS:
 HELP FROM MOMS**

I have discovered that treating all conditions based on categorized names which have been created by conventional medicine to enable children to fit under headings, is not in the least helpful to me as a homeopath. What is helpful, is the age-old homeopathic approach to all conditions. Treat what you see in front of you; in other words, the symptoms that are apparent both to mothers and in the consult room. In this way, homeopathy individualizes all states, no matter how they are diagnosed. This approach is proving most successful in treating children with these disorders as well as ADHD and ADD. Children react quickly and deeply to homeopathy with their pure vitalities and I love to treat children as a result.

THANK YOU

To those loyal clients who have continued to make me a part of their regular health care team, I express my deepest appreciation. After twelve years in practice, new remedies, ideas, and possibilities continue to open themselves to me and I am greatly pleased with the results I am seeing in practice. I make it a habit to read all that is new in homeopathy and think frequently of those clients who have been a challenge to my expertise, often realizing that this or that new remedy or approach would be wonderful for so and so. You are all on my mind. Thank you so much for your continued loyalty and referrals.

With best regards and appreciation, Janee Niebler.
